

# SCHEDULE 14A INFORMATION

## Proxy Statement Pursuant to Section 14(a) of the Securities Exchange Act of 1934 (Amendment No. \_\_)

Filed by the Registrant

Filed by a Party other than the Registrant

Check the appropriate box:

- Preliminary Proxy Statement
- Confidential, for Use of the Commission Only (as permitted by Rule 14a-6(e)(2))
- Definitive Proxy Statement
- Definitive Additional Materials
- Soliciting Material under §240.14a-12

### United Technologies Corporation

(Name of Registrant as Specified in Its Charter)

(Name of Person(s) Filing Proxy Statement if other than the Registrant)

Payment of Filing Fee (Check the appropriate box):

- No fee required
- Fee computed on table below per Exchange Act Rules 14a-6(i)(1) and O-11.

(1) Title of each class of securities to which transaction applies:

(2) Aggregate number of securities to which transaction applies:

(3) Per unit price or other underlying value of transaction computed pursuant to Exchange Act Rule O-11  
(Set forth the amount on which the filing fee is calculated and state how it was determined):

(4) Proposed maximum aggregate value of transaction:

(5) Total fee paid:

- Fee paid previously with preliminary materials.
- Check box if any part of the fee is offset as provided by Exchange Act Rule O-11(a)(2) and identify the filing for which the offsetting fee was paid previously. Identify the previous filing by registration statement number, or the Form or Schedule and the date of its filing.

(1) Amount Previously Paid:

(2) Form Schedule or Registration Statement No.:

(3) Filing Party:

(4) Date Filed:

Dear Fellow Shareowner:

We are writing to you as a UTC Savings Plan participant to bring to your attention two shareowner proposals which will be voted on at UTC's Annual Meeting this April. These proposals are sponsored by a labor union pension fund and a local union officer and seek changes which may place downward pressure on UTC's executive compensation.

UTC's executive compensation system is entirely market based and administered by the Compensation Committee of the board of directors. There are opportunities for above market compensation, but these are available only with, and scaled with, measured performance also above market medians. Metrics are directly related to shareowner value: earnings growth, cash flow, and total shareowner return.

UTC's shareowner value performance has been exceptional over essentially all periods since the early 1990s. We believe our compensation system, through its direct links to shareowner value, has been responsible. Accordingly and as shareowners, we recommend you vote against these two proposals.

Proposal #6 is being brought by the AFL-CIO Reserve Fund and seeks to subject compensation for UTC's executives listed in the proxy statement to an "advisory" vote of shareowners at the subsequent Annual Meeting. Proposal #7 is being brought by the Principal Officer of the Teamsters Union Local at Sikorsky's Stratford facility and seeks to pay executive incentive compensation "only when the Company's performance exceeds its peers' median or mean performance on selected financial and stock price performance criteria." This would mean, for example, no annual bonuses until the criteria are exceeded, where UTC's compensation system (and that of virtually all other comparable companies) is designed to pay market median bonuses when the stated criteria are met. Recall that we have been in an adversary position with this Teamsters Local given the six week strike at the Stratford facility last year.

With the exception of the recent Long Term Incentive change to half SARs (Stock Appreciation Rights) and PSUs (Performance Share Units), UTC's executive compensation system has been essentially unchanged for many years. As approved and administered by the Compensation Committee, we believe it has been fundamental in cementing the shareowner value agenda within UTC's management and thus responsible for the exceptional returns UTC has achieved. As confirmed in this year's Proxy Statement:

- Over the past 10 years, UTC's cumulative total shareowner return is more than 2 1/2 times that of either the Dow Jones Industrials or S&P 500.
- UTC's market capitalization has increased from \$16.6 billion to \$62.5 billion over the same period, amply rewarding shareowners.

In summary, we believe these two proposals seek to bring downward pressure on executive compensation in opposition to a market based system. UTC's compensation system is instead entirely market based and has produced exceptional value for UTC shareowners including employees and retirees.

---

Accordingly, we urge you to vote against these Proposals 6 and 7. In addition, the board of directors recommends you vote for Proposals 1 and 2, and against Proposals 3, 4, and 5.

Your vote is the more important because our Savings Plan trustee votes approximately 27 million unallocated ESOP shares and any unvoted shares in the plan in accordance with the majority of plan shares voted by employees and retirees. We urge you to vote your shares now via the link below.

George David  
Chairman and Chief Executive Officer

Louis R. Chênevert  
President and Chief Operating Officer
